Semi Automatic Cup Filler

MODEL MB-60

The Wraptech Semi Automatic Cup Filler is a versatile powder filling machine for dosing free-flowing powders / granular. Crystalline products like, Sugar, Rice, Pulses, Tea, Coffee beans, Whole spices, Salt, etc.

The machine is fitted with telescopic Cup Filler, with adjustable volume and will be driven by a 0.5 HP, 3 phase motor with Variable frequency drive, so that output speed can be controlled, depending upon the fill weight and desired output requirement. The machine can be operated in Auto mode or through a Foot switch.

- Capability to handle wide range of free flowing granular / crystalline products or free flowing powders.
- Easy changeover for different products and pack sizes.
- Adjustable.
- All contact parts are made of SS 304. However provision of SS 316 or 316 L are optional at extra cost..
- Modular construction assists easy maintenance and cleanliness.
- Stand alone control panel.
